DRIVER EDUCATION SCHOLARSHIP PROGRAM

The National Safety Council, Nebraska Driver Education Scholarship Program sponsored by AAA Bank has been established to provide teens in our community the much needed classes and valuable behind the wheel safe driving instruction.

The scholarships make it possible for students to take advantage of a formal driver education program. Studies have shown that driver education reduces incidences of teen driving crashes and citations.

Scholarships will cover either the full or partial cost of the program and will be awarded based on the Nebraska WIC Income Guidelines or other eligibility guidelines.

Scholarship Requirements: Please check the applicable boxes below to confirm documentation attached. Scholarship application will not be reviewed without all documentation.

☐ Applicant must complete Driver Education program prior to turning 18 years old.

☐ Applicant must provide documentation of participation in one of the following programs to qualify for a Driver Education scholarship:

   Proof of participation in any ONE of the following programs:
   a. Reduced School Meals
   b. Free School Meals
   c. Medicaid
   d. Supplemental Nutrition Assistance Program
   e. Kids Connection
   f. Aid to Dependent Children
