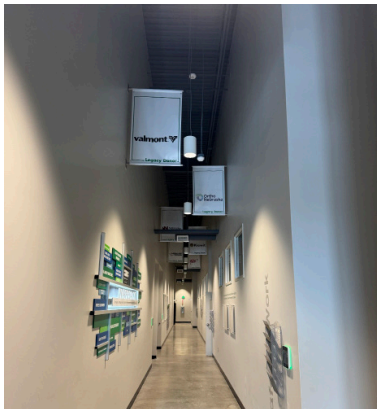
National Safety Council

NEBRASKA CHAPTER

Safety first, always.

The National Safety Council - Nebraska Chapter's Mission is to be Nebraska's leading organization providing education and advocacy to reduce injuries and save lives. Our vision is to eliminate all preventable deaths in our lifetime in the communities we serve.



Celebrating More Than 100 Years of Promoting Safety in Nebraska

Since 1924, the National Safety Council - Nebraska Chapter has served tens of thousands of Nebraskans annually by providing safety education for the workplace, for the road, and for your home.

We believe that all Nebraskans have the ability to make their lives safer and we are here to help with resources and education. Whether that means keeping your team safe on the road, advancing your workplace safety training, becoming certified in First Aid/CPR/AED, or simply aiding in community outreach; together we can keep Nebraskans safe.

As a non-profit organization, collaborating with like-minded corporations and individuals allows us to be able to continue to expand our reach and impact with safety advocacy and outreach programs.

We offer various levels of donations allowing you and your company to customize your level of support. Each level provides unique opportunities to be involved with philanthropy and community service by being involved in meaningful, safety focused events reaching Nebraskans of all ages.

Your donation will help the National Safety Council - Nebraska Chapter further our safety mission in 2025 and for the next 100 years. Thank you for making a difference.
